 Haileybury Almaty

British Education, Kazakh Heart

We are proud to serve Kazakhstan with the standards, culture and opportunities of a leading British school – while nurturing Kazakh identity, culture and community pride.

Welcome to Haileybury Almaty

We are academically selective and we support our pupils to achieve **excellent examination results** at IGCSE and A-Level.

Our pupils take up places at world class universities in the US, the UK, Europe, Asia and around the globe. In addition to providing intellectual rigour, challenge, and encouraging academic curiosity, we provide a holistic education that balances academic achievement with the development of character, resilience, and leadership.

All pupils are strongly encouraged to take full advantage of the **wide range of co-curricular activities** on offer at Haileybury Almaty.

Participation in these activities stretches the pupils. They promote a sense of social responsibility, enhance team spirit, engender confidence and develop strong values to guide them in an increasingly complex world.

A Haileybury education is built on **outstanding pastoral care**. Our nurturing environment underpins all of our endeavours and helps shape the distinctive characteristics of our pupils.

Our goal is for our young women and men to leave Haileybury fully equipped with the life skills and the academic credentials necessary for them to flourish in a competitive global world. We hope that they leave the school fulfilled, proud of their achievements and full of compassion for others.

The school is very proud of our close links with Haileybury UK and Haileybury Astana. We share both their traditions and values, and we are proud to serve our local community in Almaty. We look forward to seeing you soon.

The Early Years Foundation Stage provides the strongest start to your child's educational journey. Haileybury Almaty focuses on the individual developmental needs and interests of children in the Early Years.

Our talented staff, excellent teacher to pupil ratios, and wonderful learning environment are just a few reasons that children settle into school life very quickly.

From the age of 4, children are exposed to an immersive English language environment throughout the day and make good progress in both their language development and in their personal and social interactions.

“ In Reception, children learn Mathematics, English and other core subjects through games and active play. The sooner your child starts their journey at Haileybury Almaty the better.”
